

Mrs. William Elberton  
Franklin

Massachusetts.

Put these  
stockings on

P.S. Mum told me to write for her, but I don't  
suppose that this is where she would have  
written unless she has grown as B. H. + J.

Please tell Mr. E. that if he will let you stay a week I  
will be very much obliged.  
Dear Mrs. Elkerton! <sup>all right thank you.</sup>

S. M. G.

We got your letter  
Thursday & were very glad to hear  
from you & that you can come  
down, but why don't you come  
down Sat. on the train that gets  
here about eleven & then go back  
on the one that leaves Prov. about  
1 o'clock. <sup>I think that would be better than going back Sun.</sup> Now look here you can't  
go home Sunday if you want  
to cause in the first place  
the train don't run, though I  
suppose you could go on the electric,  
& in the second place we won't  
have you. You have got to stay  
till Tuesday & longer if Mr.  
Elkerton won't get home sick  
without you.

Now you come right straight

to Providence & Honey &  
I will meet you at the station  
& come on the train that leaves  
Franklin about 9.30 or ten  
or sometime in the morning  
& just write me a postal & let  
me know when it gets in Prov.  
& we will be there sure prof-

You won't know me from Adams  
or Eve, I suppose I should say  
for I don't think I resemble those  
worthy gentlemen to any great  
extent.

I made me a shirt waist  
Sat. & wore it to S. S. today & am  
going to make me another this  
week.

Well I, have seventeen  
examples in "Simultaneous  
Equations" staring me in  
the face so I must close.

Expecting to see you Sat. sure  
Now you remember write me when  
time you will get in to the city & come in  
the morning if you can & Baber will  
be there. Good by  
Lana
